From Ken G.

Noticeable difference in less than a month

Not only did I stop shedding, I got some regrowth after about 3 weeks...

From Daniel R.

I was sceptical at first but...

I was ready to quit after 2 weeks of no change but on week 3 when I took a closer look, I realized I actually had some new growth!

From Sebastian A.

Similar to the other brands but with one difference

A lot of the other brands work too BUT they all have some awful side-effects.. ED, diarrhea, dizziness etc.. With Vitality, I had NONE!

... and there are dozens upon dozens more reviews like those ones!
